Additional mounting options and lengths are available - Contact factory for specifications Brakes are available on 2" and larger sizes

1. Overall heights are estimated. For exact dimensions and tolerances, please contact factory and request samples to determine fitness for use in your application.  
2. Load ratings are estimated. Always load test your caster to your required application to determine fitness for use.  
3. Please refer to pages 37 & 40 for specific lengths and mounting hole options.
