

WORKSTATION CASTERS

TP9300 SERIES / CAPACITY TO 1000 LBS

- Built-in stabilizer is adjustable.
 - Rubber stabilizer “post” helps absorb shaking and shock.
 - Excellent low-profile caster for workstations that only occasionally move.
 - Stabilizer acts as a miniature “lock” when fully engaged--prevents caster from moving.
 - Strong nylon wheel is non-marking.
 - Double race swivel design.
 - Available in top plate and stemless fastenings.
- Corrosion-resistant zinc plated finish, sleek chrome plating or Ivory powder coating for extra style.
 - Extra load capacity with stabilizer engaged.
- Application include : Computer workstations.
Work tables.
Printer and electronic stands.
