

Pneumatic

Capacity 300 - 400 LBS.

Circle Caster's Air-Master pneumatic casters are as good as it gets when you are looking for shock absorption. These casters are manufactured with quality in mind. We use butyl tubes to insure that your tires are not flat when it comes time to use them.

Wheel Diameter	Tread Width	Swivel Radius	Load Capacity	Wheel Material	Bearing Type	Overall Height	Part Number	
							Swivel	Rigid
8	280/250-4	6 3/4	300	Black Tire	Ball	10 1/8	10208242-0300	10308242-03
			300	Grey Tire	Ball		10208244-0300	10308244-03
10	410/350-4	8 1/4	350	Black Tire	Ball	12 1/2	1220A242-0300	1230A242-03
			350	Grey Tire	Ball		1220A244-0300	1230A244-03
12	410/350-6	10 1/4	400	Black Tire	Ball	13 3/4	1220B242-0300	1230B242-03
			400	Grey Tire	Ball		1220B244-0300	1230B244-03

These high quality Air-Master wheels are available in all of the standard sizes and can be provided with either 3/4", 5/8", or 1/2" id. flanged ball bearings. Air-Master wheels are also available with non-marking grey tires. See page 29 for details.
