

Poly O SERIES

Ribbed Heavy Duty

Capacity 550 - 1000 LBS.

The Ribbed Heavy Duty Series is manufactured from the same proprietary blend of polyolefins as the general duty line but with a much thicker cross section and torsional reinforcing ribs. This allows for a higher weight capacity and greater impact resistance, while maintaining all of the other benefits that are inherent to the Poly O line.

Features

- Cost Effective
- Highly Impact Resistant
- Unaffected By Most Chemicals
- Temperature Range -20°F / +180°F
- Durometer 70 Shore D

Options

- Metal Washers
- Grease Zerk In Wheel
- Sealed Precision Bearings
- See Other Poly O Pages For Additional Options
